Drawers have extended sides so they can be fully opened without falling out.

Depth: 280 mm (approx. 11")

(Each drawer is 150 mm deep (approx 6"))

As well as all my "standard" items, I am always happy to hear from crafters who would like me to build something "bespoke" for them.

email me: rod@creations-by-rod.co.uk

If you would like to request something built for storing a particular product, please email me with as much detail about the product as possible (including dimensions/ diameter, product photos etc). The greater accuracy of millimetres is preferred (but I can convert from "old money" if you find it a lot easier)

No promises, but I'll do my best to accommodate!

I am also pleased to receive any photos of items bought from me, showing them "loaded" (as this can be a great help for other buyers).

PS: if you no longer want/ need this catalogue, please pass it on to a friend, so that they can sort out their "stash"
