

***This catalogue has been divided into 2 sections of free-standing units, all of which will also neatly fit into IKEA Units***

**The “KX” range also neatly fit into IKEA Kallax**

Items in this range are 330 mm wide and 330 mm tall

*The depth changes according to the intended contents*

*(see each item for further details)*

**The “RK” range all neatly fit into IKEA Råskog Trolley (+ Hobbycraft and The Range trolleys)**

All items in this range are L375mm, W275mm and H140mm

*The only difference between the units in this range is the hole shape, size and quantity*

***Also available in pairs of Half Racks - e.g RK Pencil + RK ProMarker***

All items are made from MDF, supplied fully assembled and sanded smooth, ready to use (or for you to paint, etc).

*IKEA units and contents where shown, are not included - these are for reference only*

**Discounts for Multiple Items (any mix)**

**buy 3 - 9 at the same time and receive a 10% discount or buy 10+ at the same time for a 15% discount!**

*Discounts are automatically calculated at checkout on my website*

*Please give your **mobile number** if you would like a notification on delivery day*

Dimensions: L375 mm x W275 mm x H140 mm  
(approx. 14½" x 10¾" x 5½")

***I've recently had a few requests for half sized racks (so that two of them will fit into each trolley tray). Therefore...***

*I have now created "half capacity"  
Versions of all my Råskog racks.*

*These are available in pairs (any mix)  
E.g. "RK Pencil Half Rack"  
+ RK PanPastel Half Rack  
(each half rack's capacity is half that of the standard version)*

*Priced at £64.95 per pair inc delivery to UK  
Please email me your requirements to order  
And I'll send you a PayPal invoice*

As well as all my “standard” items, I am always happy to hear from crafters who would like me to build something “bespoke” for them.

[email me: rod@creations-by-rod.co.uk](mailto:rod@creations-by-rod.co.uk)

If you would like to request something built for storing a particular product, please email me with as much detail about the product as possible (including dimensions/ diameter, product photos etc). The greater accuracy of millimetres is preferred (but I can convert from “old money” if you find it a lot easier)

*No promises, but I'll do my best to accommodate!*

I am also pleased to receive any photos of items bought from me, showing them “loaded” (as this can be a great help for other buyers).

*PS: If you no longer want/ need this catalogue, please pass it on to a friend, so that they can sort out their “stash”*
